SUBJECT INDEX

ADVERTISING

Abstract Number

6 An analysis of information content in newspaper political advertising in selected senatorial, gubernatorial, and congressional campaigns of 1970. Thomas A. Bowers, Ph.D., Indiana University.

23 Future communications technological advances and their principal implications for advertising. Donald Wayne Jugenheimer, Ph.D., University of Illinois.

25 A subjective approach to advertising theories. Doran Jay Levy, Ph.D., University of Missouri.

28 Audience perception of public service advertising. Jerry R. Lynn, Ph.D., Southern Illinois University.

36 Eco-pornography: Environmental advertising and advertising acceptance in the San Francisco Bay area. Peter Mark Sandman, Ph.D., Stanford University.

45 John Caples and his contributions to advertising and communications research. Gordon Eugene White, Ph.D., University of Illinois.

54 The decision-making process in the creation and production of ten selected advertisements from 1970. Jose Cordeiro Albano, M.A., Syracuse University.

55 The telephone as a medium of sales communication: An investigation. John W. Albright, M.A., University of Georgia.

65 Advertising and the American counter culture. Daniel Rudolph Bechtel, M.A., University of Texas.

77 Determinants of motivational behavior in sub-compact car advertising. Jerry W. Borton, M.A., Fresno State College.

82 Social attitudes of Tennessee teenagers as perceived by Tennessee advertisers: An exploratory study. Joy Gatlin Brandon, M.S., University of Tennessee.

110 An inquiry into the image of food and food habits as presented by television food commercials. Peter Frank Cuozzo, M.A., University of Pennsylvania.

151 "From 'a limited number of advertising pages' to more than $42,000,000 a year: Background and interpretations of the development of advertising revenue by Reader's Digest in the United States, 1955-1970". John W. Garberson, M.A., University of Oregon.

152 Advertising media in Spain: A descriptive study. Eduardo Carlos Garda, M.A., University of Florida.

Abstract Number

189 A study of the communication problems encountered during the entry of a discount grocery chain into the Salt Lake City market. Clyde L. Johnson, M.A., Brigham Young University.

221 The people and appeals of newspaper movie ads: A content analysis. Barbara E. Leonard, M.A., University of Pennsylvania.

223 An historical and descriptive profile of the political advertising practices of ten Utah advertising agencies. Jeri Ryan Leverkus, M.A., University of Utah.

237 A content analysis of industrial advertisements in three magazines: 1946-1968. Howard Doyal Mathis, M.S., University of Illinois.

283 The development of advertising in Puerto Rico. Armando Jorge Piedra, M.A., University of Florida.

342 Race of a message source, its effect upon the attitude change of prejudiced and non-prejudiced individuals, and the implications for advertising. Phillip M. Turner, M.A., University of Georgia.

357 An analysis of advertising slogan awareness, effectiveness, and construction. Alan Jay Weiss, M.A., University of Florida.

See also Abstracts 19, 95, 156, 249.

AUDIENCE ANALYSIS

5 A readership survey of the Texas Outlook. Bob J. Beames, Ph.D., East Texas State University.

33 Comparative value orientations and functional communication behavior of homemakers in differing socioeconomic situations. M. LaRue Pollard, Ph.D., University of Wisconsin.

63 An analysis of respondents to Herald of Truth radio and television programs. Edward J. Bailey, M.S., Iowa State University.

231 A feasibility study of cable television utilization for community development in central Appalachia. Lamar Vincent Marchese, M.A., University of Florida.

Abstract Number

260 A determination of educational program needs to be met by CATV facilities for a select area of Gainesville. Sallie Louise Mossman, M.A., University of Florida.

266 Measurement of newspaper imagery. Mary Nirmaier, M.A., University of Missouri.

281 A secondary analysis of the Indiana Daily Student Continuing Study, 1967-1969. James Christopher Perry, M.A., Indiana University.

296 Characteristics of subscribers and non-subscribers to the Eugene Register-Guard: A comparative analysis. Richard L. Roby, M.S., University of Oregon.

324 Ranking of news media believability, coverage performance and importance by students at the University of Texas at Austin. Sidney Griffin Singer, M.A., University of Texas.

332 News-receiving habits of college students. Albert Carl Stepp, Jr., M.A., University of South Carolina.

341 An audience survey of KDIN-TV and KIIN-TV, the educational stations of Iowa. Michael S. Turner, M.A., Iowa State University.

365 Newspaper reading habits of sophomores at Willow Glen High School. Gladys C. Wood, M.S., California State University, San Jose.

See also Abstracts 1, 36, 51, 82, 89, 112, 251, 262, 268, 300, 319, 326.

COMMUNICATION & NATIONAL DEVELOPMENT

50 A case study of Radio Nigeria. Doyinsola A. Aboaba, M.A., University of Wisconsin.

88 Analysis of the communication system and situational factors: Their role in the development of the Ghanaian poultry industry. Mary Jagger Buchele, M.S., Iowa State University.

97 A study of a public information plan for Thai government in Communist insurgent areas. Chintana Chaiyasena, M.A., Brigham Young University.

100 Provincial journalism and national development in Mexico, with special consideration of Monterrey, Guadalajara and Puebla. Phillip Eugene Cobb, M.A., University of Texas at Austin.

250 An assessment of Telesat Canada and its Canadian domestic satellite system with respect to Canada's national objectives. Barry M. Milavsky, M.A., University of Pennsylvania.

273 The impact of television exposure on Peru's socio-economic development. Alejandro Koffmann O'Reilly, M.A., University of Wisconsin.

Abstract Number

340 The workings of the "mass line" theory as a communication process in the initial stage of the Chinese cultural revolution August 8 - December 31, 1966. Leung Tin-wai, M.A., University of Wisconsin.

See also Abstracts 2, 18, 42, 275, 352.

COMMUNICATION THEORY, PROCESS & EFFECTS

1 The influence of family type on the child's orientation to television viewing. John David Abel, Ph.D., Indiana University.

4 The relationship between television violence viewing patterns and aggressive behavior in two samples of adolescents. Charles Kenward Atkin, Ph.D., University of Wisconsin.

7 A Kierkegaardian theory of mass communication. Richard F. Boylan, Ph.D., University of Iowa.

12 Effects of temporal spacing on children's comprehension and behavior following exposure to media violence. Willard Andrew Collins, Ph.D., Stanford University.

13 Hesitation phenomena in the spontaneous speech of non-native speakers of English. Wayne Beall Dickerson, Ph.D., University of Illinois.

15 Religion, family communication and political socialization. William Robert Elliott, Ph.D., University of Wisconsin.

18 Communication and message diffusion. Kenneth J. Forman, Ph.D., University of Wisconsin.

21 An evaluation of counterattitudinal role playing as a role sending technique. Virginia Hill Ingersoll, Ph.D., University of Illinois.

24 Feedback and human communication: Toward a reconceptualization. John Yeol Kim, Ph.D., University of Iowa.

26 Demographic similarity, attitudinal similarity, and attitude change in a cross-cultural persuasive communication context. Dennis T. Lowry, Ph.D., University of Iowa.

29 Information process as a mode of dissonance reduction in a post-decision, dissonant situation. Leonard L. Maurer, Ph.D., University of Wisconsin.

34 A comparative study of police, college students' and professional communicators' perceptions of police. Michael V. Reagen, Ph.D., Syracuse University.

Abstract Number

38 Anxiety, status and sex influences on visual intimacy in interpersonal encounters. Robert M. Soucie, Ph.D., Indiana University.

41 The facilitative and inhibitive effects of visual distraction upon persuasion by a counterattitudinal persuasive communication. James T. Tiedge, Ph.D., Indiana University.

48 Business enterprise and communication system. Demetrios Xouris, Ph.D., University of Iowa.

49 Analysis of reader response to three novels. Elliot Abhau, M.A., University of Pennsylvania.

58 Primacy or recency: The order of presentation. Richard Allen, M.A., University of Washington.

62 Vietnamization as communicated by the President. Priscilla Averill, M.A., University of Washington.

66 Effects of threatening messages and bias on attitudes toward the communicator. Thomas L. Beell, M.A., University of Wisconsin.

69 News media content versus audience priorities on public affairs: An investigation into the agenda-setting function of the mass media. Stephen Ralph Berg, M.A., University of North Carolina.

81 Family planning communications in an extension low-income program. W. Jean Brand, M.S., University of Wisconsin.

83 A chronic-acute approach to source-message orientation. Lisa Brems, M.A., University of Wisconsin.

84 A study of the effectiveness of political campaign techniques aimed at voters between the ages of eighteen and twenty-one on college campuses. Kenneth Edward Brooten, Jr., M.A., University of Florida.

90 Communications behavior and the adoption of family planning methods. R. Kenny Burns, M.A., University of Pennsylvania.

93 The information question as an attention-getting rhetorical device--implications for recall of orally presented material with and without experimentally produced distraction. Joanne R. Cantor, M.A., University of Pennsylvania.

95 Toward a more systematic examination of the auditory code: A micro-analysis of four radio commercials employing an adapted paralinguistic paradigm. John Thomas Carey, M.A., University of Pennsylvania.

112 A study of college student news media preferences: What's different about the television generation? William G. Cushing, M.A., University of Oregon.

Abstract Number

116 Altering the medium can alter the message: Interpretations resulting from common typographic variations. Matthew John DeJulio, Jr., M.A., University of Pennsylvania.

127 Connotations of terminology used in cooperative communications. Gerald Dryer, M.S., University of Wisconsin.

128 Psychophysiological correlates of televised violence in fictional and nonfictional contexts: A preliminary study. Edward Wesley Dunn, Jr., M.A., University of Texas.

130 Information sources about teenage gangs used by Philadelphia gang workers and the credibility they ascribe to these sources. Donna Lloyd Ellis, M.A., University of Pennsylvania.

137 A descriptive study of the mass media coverage of the 1968 Presidential election and a correlation of the political content of the mass media with the political priorities of the electorate. Frank Louis Fairchild, Jr., M.A., University of North Carolina.

141 An experiment on salience as a function of the discriminatory power of an attribute. Michael S. Finn, M.A., University of Wisconsin.

148 A study of college R.O.T.C. students' attitudes toward a U. S. Army film and toward associated military concepts. John J. Frank, M.S., Southern Illinois University.

156 The effects of personality and demographic factors on the formation of attitudes towards convenience goods. Myron Glassman, M.S., University of Illinois.

157 The factorial dynamics of the reading experience. Mackarness M. Goode, M.A., University of Pennsylvania.

162 Teenagers' perception of their favorite television character as related to their perceptions of themselves as they are most of the time and of themselves as they would like to be. Barbara Jean Groner, M.A., University of Pennsylvania.

163 Personal distance in television interaction: Is a close-up close? Paul T. Haley, M.A., University of Pennsylvania.

167 A program to increase the visual perception of educable mentally retarded adolescents. Sheryl G. Harriman, M.A., University of Pennsylvania.

173 Effects of practice and message summaries on the processing of dichotically presented information. Jay William Hillis, M.A., University of Pennsylvania.

188 Message entropy and the journalistic quotation: A preliminary study. Thomas W. Jester, Jr., M.S., University of Tennessee.

Abstract Number

210 An information theory approach to television content. Robert Krull, M.A., University of Wisconsin.

214 The functional relationship between communications and accuracy. Robert M. Lanier, M.A., University of Washington.

216 An experimental study in source credibility: The effects of variations in source, type, and transmission of a communication on peer perception of credibility. John R. Larsen, M.A., Central Michigan University.

234 Guerilla theater: An aspectual analysis. David S. Marshall, M.A., University of Pennsylvania.

241 Newspaper endorsements and mayoral-city council elections in Texas: 1960-1971. Jack McCleneghan, M.J., North Texas State University.

243 The influence of positional status and the public's right to know on public and private employees' cognitions about communication. Mark P. McElreath, M.A., University of Wisconsin.

246 Attribution and inference in the interpretation of filmed behavior. S. Paul Messaris, M.A., University of Pennsylvania.

252 Toward a micro-analysis of the spatial channel: The development and application of a modified proxemic coding system to queues. Iles Barry Minoff, M.A., University of Pennsylvania.

256 Effect of the excitatory potential and hedonic tone of a communication on intensity of decoded sadness and empathy with tragic events in a subsequent communication. Bella Mody, M.A., University of Pennsylvania.

262 Mass media use patterns and attitude toward the strike among UAW workers: A study of UAW Local 602 members after the 1970 GM strike. Charles Joseph Namit, M.A., Michigan State University.

263 An investigation of some factors involved in empathy response to filmed communications: Attributions of male and female viewers to male and female actors in a social interaction situation. John G. Narvel, M.A., University of Pennsylvania.

264 Predicting interpersonal communication generated by a mass communication event. Orlando Lugo Nasser, M.S., Iowa State University.

265 Popular song lyrics and attitude change: An experimental approach. Linda Lou Nigro, M.A., University of Georgia.

293 Source label influence on editorial cartoon interpretation. E. Burch Roberts, M.A., University of Georgia.

Abstract Number

307 Can man creatively match the ethical integrity of plankton? Winifred Scherrer, M.A., University of Pennsylvania.

311 A study of art evaluation: The use of multi-dimensional scaling to analyze judgment of paintings. Susan-Lou Schwartz, M.A., University of Pennsylvania.

328 Attitude changes and memory loss concerning a campus racial conflict. Robert Frederick Smith, M.A., University of Florida.

347 An analysis of level of activity as it relates to information source and two-step flow of communication in a formal organization. Carma Lois Wadley, M.A., Brigham Young University.

348 Ethnic disparity in Israel: An exercise in analysis of variance and factor analysis. Leah Wald, M.A., Syracuse University.

360 The relationship of focused communication experiences to attitude change and social adjustment: An international case study. Alvin D. Whitley, M.A., University of North Carolina.

361 A tri-ethnic study in color preference and color perception. Rolf T. Wigand, M.A., Texas Tech University.

373 The relation of verbal context to interpreted meaning of some archaic New Testament words: some semantic implications. Dean R. Zimmerman, M.A., Brigham Young University.

See also Abstracts 6, 40, 55, 60, 74, 77, 79, 88, 110, 111, 121, 143, 187, 194, 224, 268, 271, 276, 281, 289, 292, 299, 300, 306, 316, 329, 342, 357.

COMMUNICATOR ANALYSIS

52 Selected women in Tennessee newspaper journalism. June N. Adamson, M.S., University of Tennessee.

75 Muse or method: An inquiry into the creative experience of the contemporary novelist. Merry Deborah Bloch, M.A., University of Pennsylvania.

86 The effect of political preferences on editors' performances. Ruth Brown, M.S., Ohio University.

140 Daily newspaper copy editor role activities: A functional taxonomy through task analysis. James Edwin Fields, M.A., California State University, Fullerton.

Abstract Number

161 A study of the attitudes of television news directors toward military public information. James Larry Greer, M.A., University of Florida.

179 The new journalism: A nonfiction concept of writing. Philip M. Howard, Jr., M.A., University of Utah.
